MITCHELL AVENUE RESURFACING

PROPERTY OWNER NOTIFICATION

Dear Property Owner,

This notice is being sent to advise you of upcoming work related to milling and paving operations along the above mentioned roadway.

Beginning on **Tuesday, November 17th, 2020**, the Borough-appointed construction company (Mike Fitzpatrick Contractors, Inc.) will begin pavement rehabilitation work. This work will be performed during the morning and afternoon hours. Unfortunately, inconveniences will likely occur relative to your driveway access during this week as these roadways will be closed to thru traffic. We ask that you be patient while we perform these needed improvements and want to assure you that the contractor will try everything to accommodate your needs. We ask that you move your car from the roadway during the morning/afternoon hours so as to not impede construction activity and be vigilant as to construction activity near your home/business to alleviate access problems. Once the contractor is doing work in front of your location, your access will be very limited.

It is anticipated that pavement removal work will be conducted on Tuesday(11/17) from 7AM until 5PM and paving work will be conducted on Wednesday(11/18) from 7AM until 5PM, weather permitting. The contractor may not actually be in front of your property during this entire time. Please feel free to contact me and/or Borough Hall with any problems, concerns or comments that you may have during this construction process. I look forward to working with you on this project.

Very truly yours,

Thomas G. Knutelsky, P.E.
