

JCP&L's MyTown Feature Offers Valuable Municipal Information

The MyTown link on the Jersey Central Power & Light (JCP&L) 24/7 Power Center provides comprehensive municipal outage and infrastructure information for every municipality in the company's service area.

Designed to help JCP&L customers access the important information they need during power outages, MyTown includes a summary of current outages as well as a snapshot of each community's electric infrastructure.

During major weather events, expanded information is available, including the cause of the outages, the time of the earliest reported outage, and the estimated restoration time.

To obtain the latest outage information about your municipality, click the "MyTown" link on the [JCP&L 24/7 Power Center](#) or go to www.firstenergycorp.com/mytown.

My Town

Area Search

You can search for outages in **New Jersey** by county, town, city or municipality. Type in your area and select the name from the list.

Your selection will be highlighted in yellow in the table below. Click on the name for additional outage information.

<input type="text" value="East Windsor Township - Mercer"/>	
▶ Burlington County	
▶ Essex County	
▶ Hunterdon County	
▼ Mercer County	
East Windsor Township	1 of 11,314 customers without power (< 1%)
Hightstown Borough	0 of 2,426 customers without power (0%)
