

NEW!

NJ 30 DAY FUND

FORGIVABLE LOAN/GRANTS up to \$10,000 for NJ small business with 3-30 employees.

This is a new nonprofit cause originated by former NJ Governor Chris Christie and his wife to help provide relief to small businesses in NJ impacted by COVID19.

New Jersey businesses that qualify for assistance from the Fund are:

1. Small businesses that employ three to 30 people;
2. Based in New Jersey and have been operating for at least one year;
3. Owned and operated by a New Jersey resident.

The funds disbursed to small businesses by the New Jersey 30 Day fund do not need to be repaid. If businesses who receive the Fund's assistance do, at a later date, wish to "pay it forward" to another New Jersey small business in need of assistance, they may do so by directing those dollars back to the Fund, which will disburse the funding to another New Jersey business in need.

Please apply or share with someone you know who may need this information which may not be readily available in their information streams. <https://www.nj30dayfund.com>.
